

Results Day: Thursday 20th August

Dear Student

We hope that you and your family are well.

It seems unbelievable that results day is almost here and hopefully when the day arrives you will get the grades that you want.

Normally we would be excitedly waiting for your results, scanning the news for clues about national trends and looking forward to seeing you all when you come in to school to collect your results. Unfortunately this year is different and in many ways it has been far more stressful than sitting exams.

This year you will be **receiving your results via school email**. However we are still nervously waiting to see what results you are awarded and we will have to find another time to celebrate your achievements and your time at The Halifax Academy.

Last year The Halifax Academy attained the best results in it's history and although we knew it was a tough act to follow the cohort of 2020 were predicted to do even better.

So many of you worked incredibly hard for these exams and it is because of the fantastic attitude to learning that so many of you have demonstrated that we were on target to surpass last years results. This was reflected in the grades that we submitted to the Exam Boards and we now have to hope that they realise that you earned and deserve better results than last year.

This letter explains how you will receive your results and what you need to do before and after they arrive. **Please read it carefully.**

An email version of this letter has been sent to every student, if you **have not received an email please contact** ExamResults@thehalifaxacademy.org otherwise you might not receive your results

We are immensely proud to be able to say you chose The Halifax Academy for this part of your educational journey and we wish you good luck and look forward to seeing you as soon as it is safe to do so.

Kind regards

Mr M Perry

Headteacher
