Afternoon Exam					

All pupils must be available on the 24th of June. This is the contingency day for any disruptions to exams.

Exam Rules

- You must attend each exam in full school uniform.
- You must not bring a phone into the sports area or exam hall.
- You must not wear a watch.
- You must not have any notes on you.
- You must not communicate with any other pupil as soon as you enter through the set of double doors into the sports area. This includes after the exam.

Failure to follow any of the rules may result in your disqualification from not only the exam the mishap happened in but **ALL** your exams. **It is not worth the risk.**

Seating plans and exam locations will be posted prior to the exam on Microsoft Teams. It is your responsibility to know where and when your exam is. If you are unsure of anything then speak to Mr Ali.

Revision Advice

- Get organised – create a revision timetable and organise your revision space. Speak to your teachers and get advice from them as early as possible.
- Set yourself goals – when creating your revision timetable set goals for each topic. At the end of each revision session see if you have met the goal set.
- Revision buddies – your best friends may not be the best people to help you succeed. Revision buddies are important as they can help motivate you and can help test you.
- Be smart with your revision – focus on your gaps and remember to practice past paper questions. Your revision should not be just memorising.
- Look after yourself – make sure you get plenty of sleep, rest and physical exercise. Revising all the time will lead to burn out, always make sure you chunk your revision and have periods of activities where you are doing activities other than revision.
- Put away your phone – use your mobile outside of your revision time. If you use your phone at the same time, you will do less revision and end up spending more time on your revision overall!

Your teachers will be available to support you all the way through the exam period.
